PROFESSIONAL SUMMARY

Digital Marketing Executive with 3.5+ years of experience managing SEO, social media, content, and email marketing end-to-end for B2B and B2C brands across India, the US, and Australia, including enterprise clients such as Mahindra, Asian Paints, and Tanishq. Deep, hands-on expertise in technical SEO, on-page SEO, off-page SEO, and local SEO: Core Web Vitals optimisation (LCP, FCP, CLS), schema markup, crawlability and information architecture audits, keyword research, search intent mapping, backlink outreach, competitor gap analysis, and E-E-A-T aligned content strategy. Proven organic growth track record: average keyword position improved from 41.3 to 12.4, non-brand organic clicks grown from 0 to 580, and multiple AI Overview, Local Pack, and Knowledge Panel SERP feature wins, all achieved with zero paid spend. Also own the full digital marketing mix: Instagram content strategy and Reels production, B2B email campaigns, Canva design, and Google Business Profile management. Hands-on with Google Search Console, GA4, Semrush, Ahrefs, Screaming Frog, Google Tag Manager, and WordPress (Yoast SEO, Rank Math). Working familiarity with Meta Ads Manager fundamentals.

PROFESSIONAL EXPERIENCE

Digital Marketing Executive | Infisol Energy Ltd, Aurangabad

Aug 2025 - Present

Managing digital marketing end-to-end across two group brands: a core B2C brand and a B2B sister brand

- Manage SEO, social media, content, and email marketing simultaneously across two group brands, owning strategy and execution for one B2C-facing and one B2B-facing brand
- Led end-to-end SEO strategy across technical SEO, on-page SEO, content SEO, and local SEO: **grew organic clicks 54.8%**, improved average **search position from 41 to 12**, and built **non-brand** organic discovery from **0 to 580** clicks in **6 months** through keyword research, search intent mapping, and rank tracking
- Executed a Core Web Vitals overhaul improving **PageSpeed from 33 to 91**, reducing **LCP from 10.3s to 0.9s**, bringing CLS and FCP within healthy thresholds, and eliminating Total Blocking Time
- Won AI Overview, Local Pack, and Knowledge Panel SERP features through E-E-A-T aligned, question-answer format content strategy, FAQ schema, and Google Business Profile optimisation, driving **10,163** GBP profile views and **929** interactions
- Configured and managed Rank Math for meta titles, descriptions, OG tags, schema markup, canonical tags, and XML sitemaps, and reviewed information architecture and internal linking with the developer during a full site revamp for crawlability and Core Web Vitals compliance
- Built GTM conversion tracking from scratch, establishing an accurate reporting baseline for CTR, bounce rate, and ranking trends
- Ran B2B email marketing campaigns to promote product lines and generate inbound interest from business buyers
- Owned Instagram content strategy end-to-end: wrote scripts and produced Reels, growing the account to 680 lifetime followers with 421 new follows and a 52.2% rise in messaging contacts (Meta Business Suite Insights, Aug 2025 to Jun 2026)
- Designed social media creatives, flyers, and marketing brochures in Canva to maintain visual brand consistency across both brands
