PROFESSIONAL EXPERIENCE

Digital Marketing Executive | Infisol Energy Ltd, Aurangabad

Aug 2025 - Present

Own digital marketing end to end across two group brands: a core B2C brand and a B2B sister brand

- Own end-to-end SEO strategy for two brands: led technical SEO and Core Web Vitals fixes that took PageSpeed from 33 to 91 and LCP from 10.3s to 0.9s, driving 54.8% organic traffic growth and average ranking from position 41 to 12. Extended strategy into GEO and AEO to earn AI Overview and Local Pack visibility, growing Google Business Profile views to 10,163 and non-brand organic clicks from 0 to 580.
- Own the full social media content pipeline, scripting Reels, producing AI-generated visuals, video, and voiceovers, then editing in Canva and other tools; also design flyers and posters to boost social media engagement across two group brands
- Plan and execute B2B email and WhatsApp marketing campaigns via Cheerio to nurture leads and drive engagement, while developing case studies and customer-facing content that support the sales funnel and build brand credibility
- Design brand collateral in Canva spanning social creatives, flyers, and exhibition materials such as banners and standees, driving pre-event promotion and post-event follow-up for trade show and exhibition marketing
- Manage cross-brand marketing operations and performance reporting, building GA4 and Google Tag Manager tracking for campaign KPIs, while maintaining working familiarity with Meta Ads Manager to support paid social planning
- Built a custom marketing automation tool using Google Sheets, Make.com, and Perplexity API to pull live SERP data and auto-generate SEO-optimised meta titles and descriptions at scale, cutting keyword-by-keyword research and drafting time from hours to minutes
